Subject: For Awareness: Truck Convoy is planning to block trains

Good evening,

For awareness:

At 18:50 ET, 09 February 2022, new information was received. VIA Rail Police (Canada) reported receiving a message that the Sarnia Truck Convoy is planning to put blocks on the train tracks to block trains. Canadian National Railway (it is their track that VIA operates on) is aware of this, is continuing to monitor the situation and has notified all their staff (including Police) to keep an eye out on all the level grade crossings and overpasses. Their concern is that if this event does come to fruition they will not have the resources to manage it. If there is a blockade, there will be a greater impact to CN operations than VIA which only has one train a day from Toronto, ON to Sarnia, ON. (Source: Transport Canada Regional Director and VIA Rail Police)

Current Transport Canada Actions: Transport Canada – Intermodal Surface Security Oversight (ISSO) has been notified by telephone and via email notification.
